

Historic Preservation Program — Courses for Spring Quarter 2017

The following is a list of Spring Quarter preservation-related courses. Please see the time schedule for meeting times, registration information, and updates on course availability. Entry codes are available from departmental offices or faculty, depending on the department's policy. If you have problems registering for classes, email me at histpres@uw.edu and I'll do what I can to help you. Please note that courses you count toward your degree that are required or are restricted electives or "selectives" cannot also count toward the 12–15 credits required for the certificate. If you have questions about what will count toward certificate credits for you, please check with me.

Track I (MArch)
