Using CBE RemoteApp Server

Off campus access requires connection to UW OnNet VPN.

https://softy.cac.washington.edu/HuskyOnNet/

MacOS users will need to download the Microsoft Remote Desktop client from the Mac Store

1) Open a browser and connect to https://rdweb.be.uw.edu Enter your UW email address and password to login.

	Security This resource is for CBE Students and those taking specific CBE Courses only. MacOS users will need to download and install the Microsoft Remote Desktop Client from the Mac Store. Off campus use requires connection via UW OnNet VPN.	
	Sign in	
	After downloading CBE RDP files, applications may be launched directly from them, bypassing web access. Please save all files to the UW U Drive.	
Windows Server• 2022		Microsoft

2) Left click on an application, it will download an "RDP" application-specific file. In your browser, choose "Always open files of this type", and "Open". After downloading the rdp file, the application can be launched by it, bypassing the website.
